

OXYGEN PROVIDERS

EMERGENCY OXYGEN PROVIDERS

**"Providing Supplemental Oxygen to Those That Need -
It Is an Essential Element of Emergency Care"**

Description

The **Emergency Oxygen Providers** course is either a standalone course or it can be combined into the *Cardio Pulmonary Resuscitation (CPR / AED) CPR for Healthcare Providers* or *First Aid Training Level 1, 2 / 3* courses.

Providing supplemental oxygen to those that need it is an essential element of emergency care. **Emergency Oxygen Providers** is designed to provide an understanding of how to safely handle and administer oxygen in various settings.

The **Emergency Oxygen Providers** course is designed to teach the use of oxygen to all lay rescuers, particularly those who are expected to respond to emergencies in their occupation or workplace. The course is ideal for security personnel, law enforcement officers, fire fighters, lifeguards, swimming coaches, health and fitness staff, corporate and retail employees and other lay responders who might be exposed to, or have access to, an Emergency Oxygen.

Duration

The standalone course is 1 – 1.5 hours in length or can be integrated into any of our existing courses.

Course Content / Modules Covered

The subjects covered include:-

- Definition of Emergency Oxygen.
- Importance of Emergency Oxygen.
- Administering Emergency Oxygen.
- Oxygen Delivery Devices.
- Oxygen Safety.
- Emergency Response.
- Rescue Breathing.
- Emergency Oxygen Maintenance.

Certification

Subject to assessment, all participants will be issued with an **Emergency Oxygen Providers** certificate from either the American Safety & Health Institute (ASHI) or Emergency Safety & Care Institute (ECSI) depending on the course taken.

This qualification is valid for 2 years which can be renewed by attending re-qualification course.

**AMERICAN SAFETY &
HEALTH INSTITUTE**
APPROVED
